RE: Website

Dear Ms. Becker:

As you know, I have relied upon the services of Default Link for several years. You have been most helpful to me since I joined this firm in January of 2009.

We rely on last minute service of process issues as we are a multi-district litigation firm specializing in product litigation. Default Link has always proven to be reliable and very accurate.

We especially rely on the use of the website to track any services. It is a user friendly site that offers every source of information needed for our busy trial docket.

Thank you for your outstanding service.

Sincerely,

Keila Conte, Paralegal to
Hugh N. Smith, Esquire
